- Debt Instruments with SO/CE
- Structured obligation/Credit enhancements
- Short selling
- Credit default swap/Fixed Income derivative
- Unrated Debt instruments
- Securitised debt

In line with para 13.18 of SEBI Master Circular, the cumulative gross exposure through equity, money market instruments, other liquid instruments, applicable mutual fund schemes, derivative positions Gold/Silver ETF, InvITs, Repo transactions, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time, subject to regulatory approvals, if any, shall not exceed 100% of the net assets of the scheme.

The Scheme may use derivatives for such purposes as may be permitted by the Regulations, including for the purpose of hedging and portfolio balancing, based on the opportunities available and subject to guidelines issued by SEBI from time to time. The margin money deployed on derivative positions would be included in Debt & Money Market Instruments. Exposure to derivatives for non-hedging purpose will be restricted to 50% of net assets of the scheme.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. SEBI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities having residual maturity of less than 91 days. In accordance with Clause 44.3 of SEBI Master Circular the underlying index shall comply with the portfolio concentration norms as prescribed.

Debt securities include, but are not limited to, Debt securities of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, and Corporate Entities, collateralized debt securities or any other instruments as may be prevailing and permissible under the Regulations from time to time).

ADR/GDR/Foreign securities/Overseas ETFs up to 20% of the Net Assets. Investments in ADR/GDR and foreign securities would be as per paragraph 13.11 of the Master Circular. The scheme may invest in foreign securities upto 20% of the Equity net assets of the scheme. This Scheme seeks to invest an amount of US $ 5 million each in overseas securities and overseas ETFs, subject to guidelines laid down by SEBI in Clause 13.11 of the SEBI Master Circular for Mutual Funds. Further, the said limits shall be valid for a period of six months from the date of closure of NFO. Post completion of the six months, the relevant provisions of the aforesaid SEBI Master Circulars shall be applicable.

The Debt Securities (including money market instruments) referred to above could be fixed rate or floating rate, listed, unlisted, privately placed, unrated among others, as permitted by regulation. Pending deployment of funds of a Scheme in securities in terms of investment objectives of the Scheme a mutual fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks in terms of Clause 13.7 of SEBI Master Circular

Further, the Scheme may, for meeting liquidity requirements invest in units of money market/liquid schemes of Groww Mutual Fund and/or any other mutual fund provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund. The AMC shall not charge any investment management fees with respect to such investment.

Short Term Defensive Considerations:

Subject to SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Investors. As per clause 1.9.1(b)of SEBI Master Circular for Mutual Funds dated March 20, 2026, as may be amended from time to time, such changes in the investment pattern will be for short term and for defensive consideration only. In the event of change in the asset allocation, the fund manager will carry out portfolio rebalancing within 30 calendar days from the date of such deviation or such other timeline as may be prescribed by SEBI from time to time.

Portfolio Rebalancing:

In the event of any deviations from the mandated asset allocation as mentioned above due to passive breaches, portfolio rebalancing will be carried out by the AMC/fund manager within 30 Business Days of the date of the said deviation. This rebalancing will be subject to prevailing market conditions and in the interest of the investors. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it

so desires, can extend the timeline for rebalancing up to 60 Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in Clause 3.11 of SEBI Master Circular on Mutual Funds dated March 20, 2026.

B. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations and other prevailing laws as applicable, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

1. Equity and equity related Instruments
2. Equity Derivatives
3. ADRs / GDRs / Foreign Securities
4. Securities created and issued/guaranteed by the Central and State Governments
5. Fixed Income Securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee
6. Short Term Deposit
7. Money market instruments
8. Any other domestic fixed income securities as permitted by SEBI/ RBI from time to time
9. Units of Infrastructure Investment Trust ('InvIT')
10. Units of Mutual Fund schemes

(Detailed definition and applicable regulations/guidelines for each instrument is included in Section II)

C. WHAT ARE THE INVESTMENT STRATEGIES?

The investment objective of the Scheme is to generate long term capital appreciation by actively investing in equity and equity related securities of large cap, mid cap and small cap stocks. There will be no style or market cap bias in the investment strategy. We aim to adapt and invest according to market conditions

The investment horizon of the investments will be 5+ years

A combination of top-down and bottom-up approaches to stock selection. Stocks in large caps will be selected using more of a top-down approach and stocks within mid and small caps will be selected using more of a bottom-up approach. We will be extremely flexible and adaptive while investing the leftover 25% after investing a minimum of 25% each in large, mid and small caps.

The list of stocks would be as per the list published by AMFI in accordance with the said circular and updated on half yearly basis.

Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsors/Trustee does not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

For detailed derivative strategies, please refer to SAI.

Portfolio Turnover Policy

Portfolio turnover is defined as lesser of purchases and sales as a percentage of the average corpus of the Scheme during a specified period of time. Portfolio turnover in the scheme will be a function of market opportunities. The scheme is open-end scheme. It is expected that there would be a number of subscriptions and repurchases on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavour to optimise portfolio turnover to optimise risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrage opportunities that exist for securities held in the portfolio rather than an indication of change in AMC's view on a security etc. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Benchmark (Total Returns Index): Tier 1: Nifty 500 Multi Cap 50:25:25 Total Returns Index

The index is constructed to measure the performance of large cap, midcap and small cap segments with target weights assigned to each segment in the ratio of 50:25:25. This structure makes it appropriate to be used as a benchmark for the Multi Cap scheme which will invest across large cap, midcap and small cap segments.

As per clause 7.22of Master Circular requires mutual funds to adopt first tier benchmarks for schemes as notified by AMFI. Accordingly, the benchmark is selected from the benchmarks notified by AMFI for the category of scheme. The performance will be benchmarked to the Total Returns Variant of the Index.
The AMC/ Trustee reserves the right to change the benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the benchmark subject to SEBI (MF) Regulations, and other prevailing guidelines, if any.

Part III- OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Seventh Schedule of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the nondaily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

(i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.

(ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme. The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets including Accrued Income	-	Current Liabilities and Provisions including accrued expenses

/No. of Units outstanding under Scheme

The NAV of the Scheme will be calculated upto two decimal places and will be declared on each business day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

Illustration:

Assume that the Market or Fair Value of Scheme's investments is Rs. 1,00,00,000; Current asset of the scheme is Rs. 25,00,000; Current Liabilities and Provisions is Rs. 15,00,000 and the No. of Units outstanding under the scheme are 5,00,000. Thus, the NAV will be calculated as:

$$NAV = \frac{10000000+2500000-1500000}{500000} = 22.0000$$

Therefore, the NAV of the scheme is Rs. 22.0000

Methodology of calculating the sale price:
The price or NAV an investor is charged while investing in an open-ended scheme is called sale / subscription price. Pursuant to Clause 11.7.1 of the SEBI Master Circular for Mutual Funds dated March 20, 2026, no entry load will be charged by the Scheme to the Investors.

Therefore, Sale / Subscription price = Applicable NAV

Methodology of calculating the repurchase price

Repurchase or redemption price is the price or NAV at which an open -ended scheme purchases or redeems its units from the investors. It may include exit load, if applicable. The exit load, if any, shall be charged as a percentage of Net Assets Value (NAV) i.e. applicable load as a percentage of NAV will be deducted from the 'Applicable NAV' to calculate the repurchase price.

Therefore, Repurchase / Redemption Price = Applicable NAV *(1 – Exit Load, if any)

For example, if the Applicable NAV of the Scheme is Rs. 10 and the Exit Load applicable at the time of investment is 1% if redeemed before completion of 3 months from the date of allotment of units and the Investor redeems units before completion of 3 months, then the repurchase/redemption price will be: = Rs. 10*(1-0.01) = Rs. 9.90

The Repurchase Price will not be lower than 97% of the NAV.

For other details such as policies w.r.t computation of NAV, rounding off, procedure in case of delay in disclosure of NAV etc. refer to SAI. Valuation of the scheme's assets, calculation of the scheme's NAV and the accounting policies & standards will be subject to such norms and guidelines that SEBI may prescribe from time to time. For the detailed valuation Policy and the accounting policy of the AMC, please refer the Statement of Additional Information.

For other details such as policies w.r.t computation of NAV, rounding off, investment in overseas securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. All initial issue expenses pertaining to NFO till the date of allotment of unit were borne by the AMC or trustee or sponsor. No NFO expenses were charged to the Scheme.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.10% of the daily net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund at

https://www.growwmf.in/downloads/expense-ratio.

As per the Regulations, the maximum recurring expenses including investment management and advisory fee that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

The recurring expenses of operating the Scheme on an annual basis, which shall be charged to the Scheme, are estimated to be as follows (each as a percentage per annum of the daily net assets)

Sr.No.	**Expense Head**	**% p.a. of daily Net Assets* (Estimated p.a.)**

n)	such other expenses as may be specified or approved by the SEBI.	
	Maximum Base expense ratio (BER) permissible under Regulation 66 (7)(c)	Upto 2.10

The aforesaid BER is based on the base slab AUM which is upto Rs. 500 crores in case if the scheme AUM goes beyond Rs. 500 crores, respective BER slab shall be applicable. (mentioned below).

The base expense ratio of Fund of Funds to be charged over and above the weighted average of the base expense ratio of the underlying scheme shall not exceed two times the weighted average of the base expense ratio levied by the underlying scheme(s), subject to the overall ceilings for Fund of Funds as stated under sub-regulation (7) of Reg 66, unless otherwise specified by the Board.

Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not exceeding 0.06 per cent of the value of trades of cash market transactions and 0.02 per cent of the value of trades of derivative market transactions. The brokerage and transaction costs incurred for the execution of trades may be capitalized to the extent of 0.06 per cent of the value of trades of cash market transactions and 0.02 per cent of the value of trades of derivative market transactions. Any payment towards brokerage and transaction costs (including Goods & Services Tax, if any) incurred for the execution of trades, over and above the said 0.06 per cent for cash market transactions and 0.02 per cent of the value of trades of derivative market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (BER) as prescribed under Regulation sub regulation 7 of Reg 66 of the SEBI (MF) Regulations.

The additional commission to MFD's pursuant to new incentive structure shall be paid from the 2 basis points of daily net assets, mandated to be set apart annually by Groww Asset Management Limited (AMC) for investor education, awareness and financial inclusion initiatives, and shall be subject to adequate claw back provisions. Refer SAI for details.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

The purpose of the above table is to assist the investor in understanding various costs and expenses that an investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available with AMC based on past experience and are subject to change inter-se.

The total recurring expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI (MF) Regulations.

Annual recurring expenses of the Scheme, (including the investment and advisory fees without any sub limit) as a % of daily net assets will be subject to following limit:

The AMC shall adhere provisions of SEBI Circular dated October 22, 2018 and various guidelines specified by SEBI as amended from time to time, with reference to charging of fees and expenses.
Annual recurring expenses of the Scheme, (including the investment and advisory fees without any sublimit) as a % of daily net assets will be subject to following limit:

First Rs. 500 Crores	**Next Rs. 250 Crores**	**Next Rs. 1,250 Crores**	**Next Rs. 3,000 Crores**	**Next Rs. 5,000 Crores**	**Next Rs. 40,000 Crores**	**On Balance of the assets**
2.10%	1.90%	1.60%	1.50%	1.40%	Expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores or part thereof	0.95%

Provided that mutual fund schemes that offers to charge base expense ratio based on the performance of the scheme shall comply with the expense ratio structure and disclosures thereto as specified by the Board from time to time.

All scheme related expenses including commission paid to distributors, shall be paid from the scheme only within the regulatory limits and not from the books of the AMC, its associates, sponsor, trustee or any other entity through any route. Provided that, such expenses that are not specifically covered in terms of Regulation 66(5) can be paid out of AMC books at actual or not exceeding 2 bps of the Scheme AUM, whichever is lower.

The Fund / the AMC shall adopt full trail model of commission in the Scheme, without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.

The AMC shall pay charges or commission or fees related to distribution of mutual fund schemes in the manner as may be specified by the Board from time to time.

Provided that schemes that offers to charge base expense ratio based on the performance of the scheme shall comply with the expense ratio structure and disclosures thereto as specified by the Board from time to time.

No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors.

For the actual current expenses being charged to the Scheme, the investor should refer to the website of the mutual fund https://www.growwmf.in/downloads/expense-ratio . Any change proposed to the current expense ratio will be updated on the website at least three working days prior to the change.

As per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme information document shall be subject to the applicable guidelines. The total recurring expenses of the Scheme, will, however, be limited to the ceilings as prescribed under Regulation 66 of the Regulations.

A. LOAD STRUCTURE

*Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (*https://www.growwmf.in/downloads/fact-sheet*) or may call at 8050180222) or your distributor or write to us at support@growwmf.in.*

Type of Load	**Load chargeable (as %age of NAV)**
Exit Load	If redeemed within 3 months from the date of allotment: 1% ; If redeemed after 3 months from the date of allotment: NIL

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centers.

No Exit Load shall be levied on bonus units, units allotted on reinvestment of IDCW and switch transactions from Regular Plan to Direct Plan and vice versa under the Scheme.

The Mutual Fund may charge the load within the stipulated limit of % and without any discrimination to any specific group. The Repurchase Price however, will not be lower than 97% of the NAV.
The Trustee reserves the right to modify/alter the load structure and may decide to charge an exit load or introduce a differential load structure on the Units with prospective effect, subject to the maximum limits as prescribed under the SEBI Regulations. At the time of changing the load structure, the AMC shall take the following steps:
•Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all the Groww AMC ISCs' and distributors' offices.
•The notice–cum-addendum detailing the changes shall be attached to SIDs and Key Information Memorandam. The addendum will be circulated to all the distributors so that the same can be attached to all SIDs and Key Information Memoranda already in stock.
•The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
•A public notice shall be provided on the website of the AMC in respect of such changes
•Any other measures which the mutual funds may feel necessary.

The AMC may change the load from time to time and in case of an exit/repurchase load this may be linked to the period of holding. The load charged could also be different as regards the amount/tenor of investment, etc. It may be noted that any such change in the load structure shall be applicable on prospective investment only.

The distributors should disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing schemes of various mutual funds from amongst which the scheme is being recommended to the investor.

B. Risk factors

1. Risk associated with Equity and Equity Related Instruments:

Equity and Equity Related Instruments by nature are volatile and prone to price fluctuations on a daily basis due to macro and micro economic factors. The value of Equity and Equity Related Instruments may fluctuate due to factors affecting the securities markets such as volume and volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies of the Government, taxation laws, political, economic or other developments, general decline in the Indian markets, which may have an adverse impact on individual securities, a specific sector or all sectors. Consequently, the NAVs of the Units issued under the Scheme may be adversely affected. Further, the Equity and Equity Related Instruments are risk capital and are subordinate in the right of payment to other securities, including debt securities. Equity and Equity Related Instruments listed on the stock exchange carry lower liquidity risk; however, the Scheme's ability to sell these investments is limited by the overall trading volume on the stock exchanges. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held
in the Scheme's portfolio. Further, the volatility of medium / small - capitalization stocks may be higher in comparison to liquid large capitalization stocks.

2. Risk associated with Money Market Instruments:

Interest - Rate Risk

Fixed Income and Money Market Instruments run interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rate falls, the prices increase. The extent of rise or fall in the price is a function of existing coupon, days to maturity, increase or decrease in the level of interest, credit quality, demand and supply. However, in case of Government securities credit risk remains zero, their prices are influenced by the movement in interest rates in the financial system. In case of floating rate instruments, an additional risk could arise because of changes in spreads of floating rate instruments. With increase in spread of floating rate instruments, the price can fall and with decrease in spread of floating rate instruments, the prices can rise. Moreover, the floating rate instruments having a periodical interest rate reset carry lower interest rate risk compared to a fixed rate debt security. However, in the falling interest rate scenario, the returns on floating rate debt instruments may not be better than those on fixed rate debt instruments.

Credit Risk

Credit risk or default risk refers to the risk that the issuer of a fixed income security may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may be affected because of change in the credit rating of the issuer/instrument and the price of a security goes down if the credit rating agency downgrades the rating of the issuer. In case of Government Securities, there is minimal credit risk to that extent. Lower rated or unrated securities are more likely to react to developments affecting the

market and credit risk than the highly rated securities which react primarily to movements in the general level of interest rates. Lower rated or unrated securities also tend to be more sensitive to economic conditions than higher rated securities.

Liquidity or Marketability Risk

The ability of the Scheme to execute sale/purchase order is dependent on the liquidity or marketability. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. The securities that are listed on the stock exchange carry lower liquidity risk, but the ability to sell these securities is limited by the overall trading volumes. Further, different segments of Indian financial markets have different settlement cycles and may be extended significantly by unforeseen circumstances. Securities which are not quoted on the stock exchange(s) may be illiquid and can carry higher liquidity risk in comparison with securities which are listed on the stock exchange(s) and offer exit option to the investor including put option. The Scheme would invest in the securities which are not listed but offer attractive yields. This may however increase the risk of the portfolio.

Re-investment Risk
This refers to the interest rate risk at which the intermediate cash flows received from the securities in the Scheme including maturity proceeds are reinvested. Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the debt security. Consequently, the proceeds may get invested at a lower rate.

3. Risk Factor associated with investing in Securities Segment and Tri-party Repo trade settlement Clearing Corporation of India Ltd. ('CCIL') is providing clearing and settlement services, for Triparty Repo trades in Government Securities, under its Securities Segment. CCIL would act as a Central Counterparty to all the borrow and lend Triparty Repo trades received by it for settlement. CCIL would also be performing the role responsibilities of Triparty Repo Agent, in terms of Repurchase transactions (Repo) (Reserve Bank) Directions, 2018 as amended from time to time. CCIL would settle the Triparty Repo trades, in terms of its Securities Segment Regulations. The funds settlement of members is achieved by multilateral netting of the funds position in Triparty Repo with the funds position in Outright and Market Repo and settling in the books of RBI for members who maintain an RBI Current Account. In respect of other members, funds settlement is achieved in the books of Settlement Bank. Securities settlement for Triparty Repo trades shall be achieved in the Gilt Account of the Member maintained with CCIL. Securities obligation for outright and market repo trades shall be settled in the SGL / CSGL account of the Member with RBI. Groww Mutual Fund is a member of securities segment and Tri-party Repo trade settlement of the CCIL. Since all transactions of the Fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL, it reduces the settlement and counterparty risks considerably for transactions in the said segments. To mitigate the potential losses arising in case any member defaults in settling the transactions routed through CCIL, CCIL maintains a Default Fund. CCIL shall maintain two separate Default Funds in respect of its securities segment, one to meet the losses airing out of any default by its members from outright and repo trades and other for meeting losses arising out of any default by its members from Triparty Repo trades. In case any clearing member fails to honor his settlement obligations, the Default Fund is utilized to complete the settlement applying the Default Waterfall Sequence. As per the said waterfall mechanism, after the defaulter's margins and defaulter's contribution to default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution, if there is still a loss to be met, then contribution of non-defaulting members to Default Fund is utilized to meet the said loss. The Scheme is subject to the risk of losing initial margin and contribution to Default Fund in the event of failure of any settlement obligation. Further the Scheme's contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). Further, CCIL periodically prescribes a list of securities eligible for contribution as collaterals by members. Presently, all Central Government Securities and Treasury Bills are accepted as collaterals by CCIL. The above risk factor may undergo a change in case the CCIL notifies securities other than Government of India Securities as eligible for contributions as collateral.

4. Risk Factor associated with investing in Tier I and Tier II Bonds:

Tier I and Tier II Bonds are unsecured and the RBI prescribes certain restrictions in relation to the terms of these Bonds:

Tier I and Tier II bonds are unsecured in nature. The claims of the Bondholders shall

(i) be subordinated to the claims of all depositors and general creditors of the Bank;
(ii) neither be secured nor covered by any guarantee of the Issuer or its related entity or other arrangement that legally or economically enhances the seniority of the claim vis-a-vis creditors of the Bank;
(iii) Unless the terms of any subsequent issuance of bonds/debentures by the Bank specifies that the claims of such subsequent bond holders are senior or subordinate to the Bonds issued under the Disclosure Document or unless the RBI specifies otherwise in its guidelines, the claims of the Bondholders shall be pari passu with claims of holders of such subsequent debentures/bond issuances of the Bank; (iv) rank pari passu without preference amongst themselves and other subordinated debt eligible for inclusion in Tier 1 / Tier 2 Capital as the case may be. The Bonds
are not redeemable at the option of the Bondholders or without the prior consent of RBI. The Bonds (including all claims, demands on the Bonds and interest thereon, whether accrued or contingent) are issued subject to loss absorbency features applicable for non-equity capital instruments issued in terms of Basel III Guidelines including in compliance with the requirements of Annex 5 thereof and are subject to certain loss absorbency features as described in bond prospectus and required of Tier 1 / Tier 2 instruments at the Point of Non Viability as provided for in Annex 16 of the aforesaid Basel III Guidelines as amended from time to time. The Bonds are essentially non-equity regulatory instruments, forming part of a Bank's capital, governed by Reserve Bank of India (RBI) guidelines and issued under the issuance and listing framework given under Chapter VI of the SEBI (Issue and Listing of Non-Convertible Redeemable Preference Shares) Regulations, 2013 (“NCRPS Regulations”). These instruments have certain unique features which, inter-alia, grant the issuer (i.e. banks, in consultation with RBI) a discretion in terms of writing down the principal / interest, to skip interest payments, to make an early recall etc. without commensurate right for investors to legal recourse, even if such actions of the issuer might result in potential loss to investors. Payment of coupon on the Bonds is subject to the terms of Information Memorandum, including Coupon Discretion, Dividend Stopper Clause, Loss Absorption as contained in the Information Memorandum. The Bonds are subject to
loss absorption features as per the guidelines prescribed by RBI.
There may be no active market for the Bonds on the platform of the Stock Exchanges. As a result, the liquidity and market prices of the Bonds may fail to develop and may accordingly be adversely affected:
There is no assurance that a trading market for the Bonds will exist and no assurance as to the liquidity of any trading market. Although an application will be made to list the Bonds on the NSE and/or BSE, there can be no assurance that an active market for the Bonds will develop, and if such a market were to develop, there is no obligation on the issuer to maintain such a market. The liquidity and market prices of the Bonds can be expected to vary with changes in market and economic conditions, financial condition and prospects and other factors that generally influence market price of such instruments. Such fluctuations may significantly affect the liquidity and market price of the Bonds, which may trade at a discount to the price at which one purchases these Bonds. Issuer is not required to and will not create or maintain a Debenture Redemption Reserve (DRR) for the Bonds issued under this Disclosure Document:

As per the Companies (Share Capital and Debentures) Rules, 2014, as amended, no Debenture Redemption Reserve is required to be created by Banking Companies issuing debentures.

There is no assurance that the Tier I / Tier II bonds will not be downgraded:

The Rating agencies, which rate the Bonds, have a slightly different rating methodology for Tier I and Tier II bonds. In the event of deterioration of the financial health of the Issuer or due to other reasons, the rating of the Bonds may be downgraded whilst the ratings of other bonds issued by the issuer may remain constant. In such a scenario, for Tier I and Tier II Bond holders may incur losses on their investment.

Risks associated with investing in Derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. Other risks include risk of mispricing or improper valuation and the inability of the derivative to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price.

Risks associated with Securities Lending

For Equity Instruments:

As with other modes of extensions of credit, there are risks inherent to securities lending. During the period the security is lent, the Scheme may not be able to sell such security and in turn cannot protect from the falling market price of the said security. Under the current securities lending and borrowing mechanism, the Scheme can call back the securities lent any time before the maturity date of securities lending contract. However, this will be again the function of liquidity in the market and if there are no lenders in the specified security, the Scheme may not be able to call back the security and in the process, the Scheme will be exposed to price volatility. Moreover, the fees paid for calling back the security may be more than the lending fees earned by Scheme at the time of lending the said security and this could result in loss to the Scheme. Also, during the period the security is lent, the Fund will not be able to exercise the voting rights attached to the security as the security will not be registered in the name of the Scheme in the records of the Depository/issuer.

For Debt Instruments:

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Scheme may not be able to sell such lent securities and this can lead to temporary illiquidity.

Risks associated with Short Selling

The Scheme may enter into short selling transactions, subject to SEBI and RBI Regulations. Short positions carry the risk of losing money and these losses may grow unlimited theoretically if the price of the stock increases without any limit. This may result in major loss to the Scheme. At times, the participants may not be able to cover their short positions, if the price increases substantially. If numbers of short sellers try to cover their position simultaneously, it may lead to disorderly trading in the stock and thereby can briskly escalate the price even further making it difficult or impossible to liquidate short position quickly at reasonable prices. In additions, short selling also carries the risk of inability to borrow the security by the participants thereby requiring the participants to purchase the securities sold short to cover the position even at unreasonable prices.

- **Risk Factors with respect to Imperfect Hedging Using Interest Rate**

An Interest Rate Futures is an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange traded. These future contracts are cash settled.

- Perfect Hedging means hedging the underlying using IRF contract of same underlying.
- Imperfect hedging means the underlying being hedged and the IRF contract has correlation of closing prices of more than 90%.

In case of imperfect hedging, the portfolio can be a mix of:

- Corporate Bonds and Government securities or
- Only Corporate debt securities or
- Only government securities with different maturities
- Risk associated with imperfect hedging includes:

Basis Risk: The risk arises when the price movements in derivative instrument used to hedge the underlying assets does not match the price movements of the underlying assets being hedged. Such difference may potentially amplify the gains or losses, thus adding risk to the position.
Price Risk: The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates, and indices.

Risk of mismatch between the instruments: The risk arises if there is a mismatch between the prices movements in derivative instrument used to hedge, compared to the price movement of the underlying assets being hedged. For example, when IRF which has government security as underlying is used, to hedge a portfolio that contains corporate debt securities.

Correlation weakening and consequent risk of regulatory breach: SEBI Regulation mandates minimum correlation criterion of 0.9 (calculated on a 90-day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 working days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level, within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

Purchasing a security entails the risk of the security price going down. Short selling of securities (i.e. sale of securities without owning them) entails the risk of the security price going up there by decreasing the profitability of the short position. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the Regulations, short selling may entail margin money to be deposited with the clearing house and daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

. To the extent the assets of the scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilisation of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.

. **Currency Risk:** The fund may invest in overseas mutual fund / foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign

currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes/fluctuations in the value of the foreign currencies relative to the Indian Rupee.

. **Country Risk:** The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests.

. The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognised stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing/settlement, etc. upon which the AMC has no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s).

All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by Clearing Corporation of India (CCIL). This reduces the settlement and counterparty risks considerably.

Risks associated with overseas investment

To the extent the assets of the scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilisation of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.

Currency Risk: The fund may invest in overseas mutual fund / foreign securities as permitted by the concerned regulatory authorities in India. Since the assets will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes/fluctuations in the value of the foreign currencies relative to the Indian Rupee.

Country Risk: The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and political conditions in a foreign country, which might adversely affect foreign investors' financial interests.

Risk factors associated with processing of transaction through Stock Exchange Mechanism

The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognised stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing/settlement, etc. upon which the AMC has no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s).

Risks associated with investments in Gold ETFs and Silver ETFs

The Scheme may invest in units of Gold ETFs and Silver ETFs in accordance with its investment objective, asset allocation pattern and applicable regulatory limits. To the extent that the Scheme invests in Gold ETFs and Silver ETFs, it will be subject to risks associated with the underlying precious metals as well as risks specific to exchange traded funds.

i Gold and Silver Price Risk: The value of Gold ETFs and Silver ETFs is directly linked to the market price of gold and silver, respectively. Accordingly, fluctuations in the prices of gold and silver may adversely affect the value of the Scheme's investments and the NAV of the Scheme.

The prices of gold and silver may be influenced by several factors including global demand and supply, central bank purchases and sales, inflation expectations, interest rate movements, currency exchange rates, geopolitical developments, global economic conditions, investor sentiment, trading activity by institutional investors, commodity funds and market participants, changes in taxation and duties, and regulatory restrictions relating to the import, export, storage or trading of precious metals. There can be no assurance that gold or silver will maintain their historical value or purchasing power. Any decline in the prices of gold or silver may result in a corresponding decline in the value of the Scheme's investments.

ii Asset Class Risk: Gold and silver represent a separate asset class and may perform differently from equities, debt securities and money market instruments. During certain market cycles, investments in precious metals may underperform traditional financial assets and may adversely affect the Scheme's overall returns.

iii Currency Risk: The domestic valuation of gold and silver is impacted by international bullion prices and movements in foreign exchange rates, particularly the Indian Rupee vis-à-vis the U.S. Dollar. Consequently, adverse currency movements may affect the valuation of Gold ETFs and Silver ETFs and the NAV of the Scheme.

iv Risks Associated with Physical Gold and Silver Held by the Underlying ETFs: Gold ETFs and Silver ETFs typically invest in physical gold and silver bullion. Accordingly, the Scheme may be indirectly exposed to risks associated with the safekeeping, storage and custody of the underlying precious metals.There is a risk that part or all of the gold or silver held by the underlying ETFs could be lost, damaged, stolen or become inaccessible due to operational failures, natural disasters, force majeure events, fraud, negligence, cyber incidents or other unforeseen events. Any such occurrence could adversely affect the value of the underlying ETF and consequently the Scheme's investment.The Scheme is also exposed to risks arising from the custody arrangements of the underlying ETFs, including risks relating to custodians, vaulting agencies, sub-custodians or other service providers responsible for safeguarding the bullion. Any failure, insolvency, operational disruption or deficiency in internal controls of such entities may adversely affect the underlying ETF's operations and valuation.

v ETF Market Price Risk: Units of Gold ETFs and Silver ETFs are listed and traded on stock exchanges and may trade at prices different from their respective NAVs. The market price of ETF units may fluctuate based on investor demand and supply, market liquidity, market sentiment and other factors. Although the ETF creation and redemption mechanism is intended to reduce significant deviations between market price and NAV, there can be no assurance that ETF units will always trade close to their underlying NAV.

vi Liquidity Risk: The liquidity of Gold ETFs and Silver ETFs depends on trading volumes in the ETF units and liquidity in the underlying bullion market In periods of market stress, low trading volumes, disruptions in the bullion market, large redemption requests or other extraordinary circumstances, the ability of the Scheme to liquidate ETF holdings at desirable prices may be adversely affected. This may impact the Scheme's ability to meet redemption requirements or rebalance its portfolio efficiently.

vii Tracking Error and Tracking Difference Risk: The returns of Gold ETFs and Silver ETFs may not perfectly track the performance of the underlying gold and silver due to factors such as:

a Management and operating expenses;

b Transaction costs and taxes;

c Cash balances maintained by the ETFs;

d Timing differences in deployment of funds;

e Subscription and redemption flows;

f Market disruptions and trading restrictions;

g Regulatory requirements and valuation methodologies.

Accordingly, the performance of Gold ETFs and Silver ETFs may differ from the performance of the underlying precious metals.

viii Operational and Settlement Risk: Gold ETFs and Silver ETFs are exposed to operational risks relating to trading, settlement, valuation, custody, transfer and administration of units. Failure of exchanges, depositories,

custodians, market intermediaries, authorized participants, service providers or market infrastructure systems may adversely affect the operation and value of the ETF investments held by the Scheme.As Gold ETFs and Silver ETFs are relatively specialized products, their value may also be affected by unforeseen operational or trading disruptions.

ix Regulatory and Taxation Risk: Investments in Gold ETFs and Silver ETFs may be affected by changes in laws, regulations, taxation policies, customs duties, exchange control regulations or any other governmental actions relating to precious metals or exchange traded funds. Any such changes may adversely affect the valuation, liquidity or returns of the underlying ETFs and consequently the Scheme.

Risks Associated with Investments in Overseas Securities and Overseas ETFs

The Scheme may invest, subject to applicable regulatory limits, in overseas securities, including equity and equity-related instruments, and overseas Exchange Traded Funds (ETFs). Such investments involve certain risks in addition to and distinct from those associated with investments in securities issued in India.

These risks include, but are not limited to, the following:

1. **Market Risk**

Overseas investments are subject to market risks arising from economic, political, social and market developments in the respective countries and regions. The value of such investments may fluctuate due to factors affecting the relevant foreign markets.

2. Currency Risk

The Scheme's investments may be denominated in foreign currencies. Consequently, changes in exchange rates between the Indian Rupee and such foreign currencies may adversely affect the value of the Scheme's investments and returns, irrespective of the underlying performance of the investments.

3. Country and Geopolitical Risk

Investments in overseas markets may be impacted by country-specific risks, including changes in economic conditions, governmental policies, tax laws, political developments, trade restrictions, sanctions, diplomatic tensions, capital controls and other geopolitical events.

4. Regulatory and Legal Risk

Overseas investments are subject to foreign laws, regulations, accounting standards, disclosure requirements and settlement procedures that may differ from those applicable in India. Any changes in such regulatory or legal frameworks may adversely affect the Scheme's investments.

1. Liquidity Risk -Certain overseas securities and ETFs may have lower liquidity than comparable domestic investments. This may affect the ability of the Scheme to purchase or dispose of investments at desirable prices and within desired timelines.

2. Settlement, Custody and Operational Risk -Overseas investments are exposed to risks arising from differences in settlement cycles, clearing systems, custodial services and other market infrastructure. Delays or failures in settlement or operational processes could affect the Scheme.

3. Time Zone Risk -Differences in market timings and business hours between India and overseas jurisdictions may lead to delays in processing transactions and valuation of investments.

4. Risks Specific to Overseas ETFs -Investments in overseas ETFs may be subject to additional risks, including:

Tracking error between the ETF and its underlying benchmark;Trading at a premium or discount to its net asset value (NAV);Liquidity constraints in the ETF units on the relevant exchange; and Risks associated with the underlying securities or assets held by the ETF.

5. Tax Risk -Income and gains arising from overseas investments may be subject to withholding taxes or other taxes in foreign jurisdictions. Changes in tax treaties, tax laws or tax regulations may impact returns from such investments.

6. Repatriation Risk -Restrictions on foreign exchange transactions, movement of capital or repatriation of investment proceeds imposed by foreign authorities may adversely affect the Scheme's ability to realize or repatriate investment proceeds.

Investors should note that overseas investments may be subject to risks that are different from investments in Indian securities and there can be no assurance that the investment objective of the Scheme will be achieved.

C. Risk Mitigation/Control Strategies:

Type of Risks	Measures/ Strategies to control risks
Equity Markets/ Equity Oriented Instruments	The Scheme is actively managed and may invest across large cap, mid cap and other permitted equity and equity related securities. The investment team will undertake fundamental research, company and industry analysis, financial analysis and valuation assessment before making investment decisions. Portfolio diversification, issuer and sector exposure monitoring, liquidity monitoring and adherence to applicable regulatory and internal exposure limits will be used to manage portfolio risks. However, such measures cannot eliminate market risk or the possibility of loss. •• Liquidity Risks: As such the liquidity of stocks that the scheme invests into could be relatively low. The scheme will endeavor to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.
Money Market instruments	Credit Risk: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. • Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. • Risk of Rating Migration: The Scheme may primarily invest the debt portion of the portfolio in short-term money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of rating migration generally associated with long-term securities • Basis Risk: The debt allocation of scheme is primarily cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. • Spread Risk: The Scheme may primarily invest the debt portion of the portfolio in short-term money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of spread expansion which is generally associated with long-term securities • Reinvestment Risk: The debt allocation of scheme is primarily cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a very small portion of the overall portfolio value.

	• Liquidity Risk: The Scheme may invest in government securities, corporate debt securities and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate debt securities may be low, it may be high in case of medium to long maturity corporate debt securities. The Scheme may, however, endeavor to minimize liquidity risk by primarily investing the debt portion of the portfolio in relatively liquid short-term money market instruments, units of Liquid and Overnight schemes.
Derivatives	The Scheme may take an exposure to equity derivatives of constituents or index derivatives of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted. All derivatives trade will be done only on the exchange with guaranteed settlement. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.
Securities Lending	The SLB shall be operated through Clearing Corporation/Clearing House of stock exchanges having nation-wide terminals who are registered as Approved Intermediaries (AIs)." The risk is adequately covered as Securities Lending & Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default. However, the scheme may not be able to sell such lent securities during contract period or have to recall the securities which may be at higher than the premium at which the security is lent.
Government securities and Triparty repo on Government securities or treasury bills:	As a member of securities segment and Triparty repo segment, maintenance of sufficient margin is a mandatory requirement. CCIL monitors these on a real time basis and requests the participants to provide sufficient margin to enable the trades etc. Also there are stringent conditions / requirements before registering any participants by CCIL in these segments. Since settlement is guaranteed the loss on this account could be minimal though there could be an opportunity loss.
Units of overnight & liquid mutual fund schemes	Liquidity is generally high in both overnight as well as liquid schemes.
Risks associated with units of Gold ETFs and Silver ETFs	For transactions below the creation unit size of Gold ETFs or Silver ETFs, the Scheme may buy or sell ETF units directly on the stock exchange to minimize tracking error. However, liquidity in the underlying ETFs and bullion markets may be constrained during adverse market conditions, which may impact execution prices and timely realization of investments. The underlying ETFs may also maintain cash or cash equivalents to meet liquidity requirements. In exceptional circumstances, including market disruptions, liquidity constraints or unusually large redemption requests, redemption of units may be restricted, deferred or processed in accordance with the provisions of the underlying scheme documents.
Risks associated with Investments in InvITs	The Investment Manager endeavours to invest in InvITs, where adequate due diligence and research has been performed by the Investment Manager. The Investment Manager also relies on its own research as well as third party research. This involves one-to-one meetings with the managements, attending conferences and analyst meets and also tele-conferences. The analysis will focus, amongst others, on the predictability and strength of cash flows, value of assets, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, etc

Risk Mitigation Measures for overseas equity and ETF	The AMC shall seek to mitigate risks associated with overseas securities and overseas ETFs through: • Appropriate due diligence and selection of overseas securities and ETFs. • Diversification across issuers, sectors and geographies, subject to the investment objective. • Continuous monitoring of portfolio risks, liquidity and market developments. • Monitoring compliance with overseas investment limits prescribed by regulatory authorities. • Investing predominantly in securities and ETFs with adequate liquidity and transparent disclosure standards. However, there can be no assurance that such measures will eliminate all risks associated with investments in overseas securities and overseas ETFs.

II. INFORMATION ABOUT THE SCHEME:

A. Where will the scheme invest –

Subject to the Regulations and the disclosures as made under the section "How the Scheme will allocate its Assets", the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

1. Equity and equity related Instruments
   Equity Related Instruments include convertible debentures, convertible preference shares, dividend warrants, warrants carrying the right to obtain equity shares, equity derivatives and such other instrument as may be specified by the Board from time to time.

2. Equity Derivatives, which are financial instruments, generally traded on the stock exchange, the price of which is directly dependent upon (i.e., "derived from") the value of equity shares or equity indices. Derivatives involve the trading of rights or obligations based on the underlying, but do not directly transfer property

3. ADRs / GDRs / Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India including overseas ETFs/index funds American Depositary Receipts (ADRs) are negotiable securities issued by a U.S. depositary bank representing ownership of shares in a foreign company. ADRs facilitate the trading of foreign stocks in U.S. markets without the need for investors to directly hold the underlying foreign shares. Each ADR typically represents one or more shares of the foreign company's stock, and they are traded on U.S. stock exchanges like regular stocks. ADRs provide U.S. investors with easier access to international investment opportunities and allow foreign companies to raise capital from U.S. investors without listing their shares on U.S. stock exchanges.Global Depositary Receipts (GDRs) are negotiable financial instruments issued by international depositary banks representing shares in foreign companies. These receipts facilitate the trading of these shares on international stock exchanges, typically in Europe and Asia, without the need for investors to directly hold the underlying foreign shares. GDRs provide a way for companies to access global capital markets and for investors to diversify their portfolios with international stocks. Each GDR represents a specific number of underlying shares and offers benefits like simplified trading and potential exposure to global growth opportunities.

4. Securities created and issued/guaranteed by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills);A zero-coupon bond is a type of debt security that does not

pay periodic interest (coupons). Instead, it is issued at a significant discount to its face value and matures at its full face value. Return from the bond is the difference between the purchase price and the amount received at maturity.Treasury bills (T-bills) are short-term government securities issued at a discount to their face value and mature within one year. They do not pay periodic interest but provide returns by maturing at their full face value, with the ifference between the purchase price and the maturity value representing the investor's earnings. T-bills are considered low-risk investments due to government backing.Coupon-bearing bonds are debt securities that pay periodic interest payments, known as coupons, to bondholders based on a fixed or variable interest rate. These bonds have a predetermined maturity date, at which the issuer repays the principal amount to the bondholder. The coupon rate is typically stated as a percentage of the bond's face value and determines the amount of interest paid to the bondholder at each coupon payment date. They are commonly issued by governments, municipalities, corporations, and other entities to raise capital for various projects and operations.
Repos & Reverse Repos Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds.

5. Fixed Income Securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee;

6. Short Term Deposit
Pending deployment of funds as per the investment objective of the Scheme, the Funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.

7. Money market instruments as permitted by SEBI/RBI; Commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments having maturity upto 1 year.

8. Any other domestic fixed income securities as permitted by SEBI/ RBI from time to time.

9. Units of Infrastructure Investment Trust ('InvIT').
InvIT of Infrastructure Investment Trust is a trust registered with SEBI to carry out the activity prescribed under SEBI (Infrastructure Investment Trusts) Regulations, 2014. An InvIT raises funds by issuing units to investors and invests those funds primarily in assets in infrastructure sector. The investment in such assets can be made directly or through SPV/Holding Company by the InvIT. Investors who hold units in an InvIT are called unit holders. The income generated from the underlying assets of the InvIT are regularly distributed to the unit holders.

10. Units of Mutual Fund schemes
Units of mutual funds represent an investor's share in a mutual fund scheme. When investors buy mutual fund units, they pool their money with other investors to collectively invest in a diversified portfolio of assets such as stocks, bonds, or other securities. Each unit reflects the proportionate ownership of the fund's assets. The value of these units, known as the Net Asset Value (NAV), fluctuates based on the performance of the underlying assets. Any other instruments as may be permitted by RBI/SEBI/such other Regulatory Authority from time to time.

B. What are the investment restrictions?

The following investment limitations and other restrictions, inter-alia, as contained in the Regulations and Master circular shall apply to the Scheme:

1. The Scheme shall not invest more than 10% of its NAV in the listed or to be listed equity shares or equity related instruments of any company and in listed securities/units of Venture Capital Funds.

2. The Mutual Fund under all its scheme shall not own more than 10% of any company's paid up capital carrying voting rights or ten per cent of units of REITs issued by a single issuer, as the case may be. Further, Sponsor, associate or group companies of Sponsor including Asset Management Company, through schemes of the Mutual Fund or otherwise, individually or collectively, directly or indirectly, shall not own 10% or more of the shareholding or voting rights in the asset management company or Representation on the board of the asset management company or the trustee company of any other mutual fund.

3. All investments by the Scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.

4. The Scheme may invest in other schemes of the Mutual Fund or any other mutual fund without charging any fees, provided the aggregate inter-scheme investment made by all the schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund.

5. The Scheme shall not make any investment in: a. any unlisted security of an associate or group company of the sponsor; or b. any security issued by way of private placement by an associate or group company of the sponsor; or c. the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.

6. The Mutual Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.

7. Transfers of investments from one scheme to another scheme in the Mutual Fund shall be allowed only if:

a. Such transfers are done at the prevailing market price for quoted instruments on spot basis;

b. The securities so transferred shall be in conformity with the investment objectives & policies of the Scheme to which such transfer has been made. Further, Clause 13.19 of the SEBI Master Circular dated March 20, 2026 has prescribed elaborate guidelines for inter-scheme transfer of Securities (IST). The key extracts are as follows: a. IST shall be permitted only if other resources such as cash and cash equivalent, market borrowing, and selling securities in the market are exhausted. b. ISTs will be permitted for rebalancing of portfolio only if there is a passive breach of regulatory limits or where duration, issuer, sector, and group rebalancing are required in both the transferor and transferee schemes.

c. No inter-scheme transfer of a security shall be allowed, if there is negative news or rumors in the mainstream media or an alert is generated about the security, based on internal credit risk assessment.

d. If the security gets downgraded within a period of four months following such a transfer, the fund manager of the buying scheme will have to provide detailed justification to the trustees for buying such a security.

8. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that the Mutual Fund may engage in securities lending and borrowing specified by SEBI.

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI. Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

9. The Scheme shall not invest in a fund of funds scheme.

10. The Scheme shall adhere to following limits for investments in Money Market Instruments issued by a single issuer:

Credit Rating	Maximum Limit (% of net assets)
AAA	10
AA (including AA+ and AA-)	8
A (including A+) & below	6

The above limits may be extended by up to 2% of the NAV of the Scheme with prior approval of the Board of Trustees and AMC, subject to compliance with the overall 12% limit. Provided that such limits shall not be applicable for investments in Government Securities, treasury bills, and Triparty Repo on G-Secs & T-Bills.

The Scheme will comply with the following restrictions for trading in exchange traded derivatives in accordance with Clause 8.6 of SEBI Master Circular dated March 20, 2026, as specified by SEBI vide its circular DNPD/Cir-29/2005 dated September 14, 2005 read with Circular SEBI/DNPD/Cir-31/2006 dated September 22, 2006 and Circular SEBI/HO/MRD/DP/CIR/P/2016/143 dated December 27, 2016 as may be amended from time to time:

i. Position limit for the Mutual Fund in equity index options contracts

a. The Mutual Fund position limitin all index options contracts on a particular underlying index shall be Rs. 500 crores or 15% of the total open interest of the market in index options, whichever is higher, per stock exchange.

b. This limit would be applicable on open positionsin all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in equity index futures contracts

a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs.500 crores or 15% of the total open interest of the market in index futures, whichever is higher, per stock exchange.

b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

ii.Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index derivatives subject to the following limits:

a) Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.

b) Long positions in index derivatives (long futures, long calls and short puts) shall not exceed(in notional value) the Mutual Fund's holding of cash, government securities, Treasury Bills and similar instruments.

v. Position limit for Mutual Fund for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is defined in the following manner:- The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

Position limit for each scheme of a Mutual Fund The scheme-wise position limit / disclosure requirements shall be:

a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Mutual Fund shall not exceed the higher of: 1% of the free float market capitalization (in terms of number of shares) or 5% of the open interest in the derivative contract on a particular underlying stock (in terms of number of contracts).

b. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange. c. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

In terms of Clause 13.15 of SEBI Master Circular dated March 20, 2026, the following additional restrictions shall be applicable to the Scheme w.r.t investment in derivatives:

i. The cumulative gross exposure through equity & equity related instruments, debt and money market instruments, derivative positions, other permitted securities/assets as may be permitted by SEBI from time to time, subject to regulatory approvals, if any, shall not exceed 100% of the net assets of the scheme.

ii. The Scheme shall not write options or purchase instruments with embedded written options.

iii. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.

iv. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. SEBI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

v. v. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:

1. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.

2. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point (1).

3. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.

4. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point (i).

vii. Definition of Exposure in case of Derivative Positions: Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts

G. Other Scheme Specific Disclosures:

Listing and transfer of units	**Listing:** The Scheme is an open ended scheme and will not be listed on any of the stock exchanges. However, the AMC may, at its discretion, list the Units under the Scheme on one or more stock exchange at a later date. The Units of the Scheme can be transferred in demat form in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 2018 as may be amended from time to time and as stated in Clause 15.2 of SEBI Master Circular for Mutual Funds dated March 20, 2026. Further, for the procedure of release of lien, the investors shall contact their respective Depository Participant. **Transfer of Units:** There are no restrictions on transfer of Units of the scheme whether held in Statement of Account (physical / non-demat) mode or dematerialised mode. Units held in dematerialized form can be transferred and transmitted in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time and units held in Statement of Account (physical / non- demat) mode can be transferred by investors under resident / non- resident individual category for the reasons like transfer to siblings, gifting of units, transfer of units to third party and addition / deletion of unitholders, in accordance with the AMFI Best Practices Guidelines Circular No.116/ 2024-25 dated August 14, 2024 read with AMFI Best Practices Guidelines Circular No. 135/BP/119/2025-26 dated May 08, 2025. For further details, please refer SAI. In case a person (i.e. a transferee) becomes a holder of the Units by operation of law or upon enforcement of pledge then the AMC shall, subject to production of such satisfactory evidence and submission of such documents, proceed to effect the transfer, if the intended transferee is otherwise eligible to hold the Units of the scheme. Additions / deletions of names of Unit holders will be allowed only in folio held in the name of individual investor(s). Further, addition of names in the folio will also be allowed under the following 2 (two) scenarios subject to compliance with AMFI Best Practices Guidelines Circular No.116/ 2024-25 dated August 14, 2024 read with AMFI Best Practices Guidelines Circular No. 135/BP/119/2025-26 dated May 08, 2025: i. Surviving joint unitholder who wants to add new joint holder(s) in the folio upon demise of one or more joint unitholder(s). ii. A minor unitholder, who has turned a major and has changed his / her status from minor to major, wants to add joint holder(s) in the folio. The facility for transfer of units held in SoA mode shall be available only through online mode including the transaction portals of the RTAs and the MF Central. The said provisions in respect of deletion of names will not be applicable in case of death of a Unit holder (in respect of joint holdings) as this is treated as transmission of Units and not transfer. Redemption of the

	transferred units shall be subject to cooling period of 10 business days from the date of transfer. This will enable the investor to revert in case the transfer is initiated fraudulently. Please refer SAI for further details.
Dematerialization of units	The applicants are given an Option to subscribe to/hold the units by way of an Account Statement or in Dematerialized ('Demat') form. The applicants intending to hold Units in demat mode would be required to have a beneficiary account with a Depository Participant of the NSDL/CDSL and would be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units during the NFO. In case, the Investor desires to hold the Units in a Dematerialized /Rematerialized form at a later date, the request for conversion of units held in Account Statement (non- demat) mode into electronic (demat) form or vice-versa should be submitted alongwith a Demat/Remat Request Form to their Depository Participant(s). Investors should ensure that the combination of names in the account statement is the same as that in the demat account. For further details, please refer SAI.

Maximum Amount to be raised (if any)	Not Applicable
Dividend Policy (IDCW)	The Trustee will endeavor to declare IDCW under the IDCW Option, subject to availability of distributable surplus calculated in accordance with the Regulations. **IDCW distribution procedure:** In accordance with SEBI Master Circular of Mutual Fund, the procedure for IDCW distribution will be as follows: 1. Quantum of IDCW and record date shall be fixed by the Board of Trustees. IDCW so decided shall be paid, subject to availability of distributable surplus as on the date of declaration of IDCW. 2. Within 1 calendar day of the decision by the Board of Trustees, the AMC shall issue notice to the public communicating the decision about the IDCW including the record date, in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where Head Office of the Mutual Fund is situated. 3. Record date shall be the date, which will be considered for the purpose of determining the eligibility of investors whose name appear on the register of unit holders for receiving IDCWs. The Record Date will be two working days from the date of issue of notice.

	4. The NAV will be adjusted to the extent of IDCW distribution and statutory levy, if any at the close of business hours on record date. 5. Before the issue of such notice, no communication indicating the probable date of IDCW declaration in any manner whatsoever will be issued by the Mutual Fund. 6. The payment of dividend to the unitholders shall be made within seven working days from the record date. Even though the asset portfolio will be common, the NAVs of the growth option and IDCW option in the Scheme will be distinctly different after declaration of the first IDCW to the extent of distributed income, applicable tax and statutory levy, if any, and expenses relating to the distribution of the IDCWs.

The same can be accessed using https://mfcentral.com/ Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service Centres or collection centres of KFIN or CAMS. The list of the Investor Service Centres (ISCs)/ of the Mutual Fund will be available on the website https://www.growwmf.in/downloads/sid All cheques and drafts should be crossed "Account Payee Only" and drawn in favour the scheme name in which investment is intended to be made. The AMC/ Trustee reserves the right to reject any application inter alia in the absence of fulfillment of any regulatory requirements, fulfillment of any requirements as per the SID, incomplete/incorrect documentation and not furnishing necessary information to the satisfaction of the Mutual Fund/AMC. Please visit https://www.growwmf.in/downloads/sid to know about the list of official points of acceptance, etc. name, address and contact no. of Registrar and Transfer Agent (R&T), email id of R&T, website address of R&T, official points of acceptance, etc. are mentioned at the end of the document. Please note that it is mandatory for the unitholders to provide the bank account details in their application/redemption requests as per SEBI guidelines.
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Not Applicable Units once redeemed will not be reissued.

Restrictions, if any, on the right to freely retain or dispose of units being offered.	In the event of an order being received from any regulatory authority/body, directing attachment of the Units of any investor, redemption of Units will be restricted in due compliance of such order **RIGHT TO RESTRICT REDEMPTION AND / OR SUSPEND REDEMPTION OF THE UNITS:** The Fund at its sole discretion reserves the right to restrict Redemption (including switchout) of the Units (including Plan /Option) of the Scheme of the Fund upon occurrence of the below mentioned events for a period not exceeding ten (10) working days in any ninety (90) days period subject to approval of the Board of Directors of the AMC and the Trustee. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs). The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows: 1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or 2. Market failures / Exchange closures; or 3. Operational issues; or 4. If so directed by SEBI. It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines (i.e. within 3-4 Business Days) mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable. Please refer to paragraphs on 'Transfer and Transmission of units, Right to limit Redemption, Suspension of Purchase and/ or Redemption of Units and Pledge of Units' in the SAI for further details.
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	**Applicable NAV for Purchases/Switch-ins** 1. In respect of valid applications received upto 3.00 p.m. on a business day and entire amount is available in the mutual fund's account for utilization before the cut off time of the same day – closing NAV of the day of receipt of application; 2. In respect of valid applications received after 3.00 p.m. on a business day and the entire amount is available in the mutual fund's account for utilization before cut off time of the next business day – the closing NAV of the next business day; 3. Irrespective of the time of receipt of the application where the entire amount is available in Mutual fund's account for utilization before cut

	off time on any subsequent business day – the closing NAV of such subsequent business day. The above cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day: 1. It is clarified that switches will be considered as redemption in the switch-out scheme and purchase / subscription in the switch-in scheme. 2. Cheques received on a business day may be deposited with the primary bankers of the respective location on the next business day. NAV shall be as per the applicable NAV mentioned above. To enable early sighting of funds by the schemes, investors are requested to avail of electronic facilities like RTGS / NEFT in respect of subscriptions and submit the proof of transfer of funds along with their applications. AMC shall not be responsible for any delay on account of banking clearance or circumstances which are beyond the control of AMC. 3. The provisions for applicability of NAV based on realization of funds will be applicable to all types of investment including various systematic investments routes (viz, SIP, STP, DTP etc.) as may be offered by the Scheme from time to time. **Applicable NAV for Redemption/ Switch outs** a) where the application received upto 3.00 pm – closing NAV of the day of receipt of application; and b) an application received after 3.00 pm – closing NAV of the next business day. Further, where the AMC or the Registrar has provided a facility to the investors to redeem /switch-out of the Scheme through the medium of Internet by logging onto specific web-sites or any other facilities offered by the AMC and where investors have signed up for using these facilities, the Applicable NAVs will be as provided above. **Technical issues when transactions are processed through online facilities/ electronic modes:** The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / SIP/ sale / switch of units is received in the servers of AMC/RTA. In case of transactions through online facilities / electronic modes, there may be a time lag of few seconds or upto 1-7 banking days between the amount of subscription being debited to investor's bank account and the subsequent credit into the respective Scheme's bank account. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Groww Asset Management Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units. The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme. Representation of SIP transaction which have failed due to technical reasons will also follow same rule.

Minimum amount for purchase/redemption/switches	Ongoing: Rs.500 and in multiples of Re. 1 Switch-in amount: Rs.500 and in multiples of Re.1. The minimum subscription limits for new purchases/additional purchases will apply to each Option separately. **Minimum Redemption Amount**: The minimum redemption amount shall be Rs. 500 and in multiples of Re. 1 In case, if the investor wants to submit redemption in units, the value should be equivalent to the minimum redemption amount specified above as on the applicable NAV date and the units should be in multiples of 0.001. In case the available balance in folio is less than the minimum redemption amount/units, then the investor can submit a request for "All units/Full redemption" of the amount / units available in folio. If the redemption is received in "Units" or "Amount" and reported Units/Amount are more than available units/amount in the folio then it will be considered as full unit/amount redemption. Please note this will not be applicable for units under pledge and demat folios. The AMC reserves the right to change the minimum amounts for various purchase / redemption/ switch. Such changes shall only be applicable to transactions on a prospective basis.
Accounts Statements	AMC shall send an allotment confirmation specifying the number of Units allotted shall be sent to the Unit holders at their registered email address and/or mobile number by way of email and/or SMS within 5 working Days from the date of receipt of the valid application/transaction. A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month. eCAS will be sent on or before 12th of the succeeding month and physical CAS will be sent on or before 15th of the succeeding month. However, if the investor wishes to opt for physical copy may request for the same. Half-yearly CAS shall be issued at the end of every six months (i.e. April and October). eCAS shall be sent on or before 18th day of succeeding month and physical CAS shall be sent on or before 21st day of succeeding month to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable. For further details, refer SAI
Dividend/ IDCW	The payment of IDCW proceeds to the unitholders shall be made within 7 working days from the record date. The IDCW proceeds will be paid by way of ECS / EFT / NEFT /

	RTGS / Direct credits/ any other electronic manner if sufficient banking details are available with the Mutual Fund for the Unitholder. In the event of failure of payment of IDCW proceeds within the stipulated time of 7 working days period from the record date, the AMC shall be liable to pay interest @ 15 percent per annum calculated from the record date till the date of dispatch of IDCW proceeds, to the Unit holders. In case of specific request for IDCW by warrants/cheques/demand drafts or unavailability of sufficient details with the Mutual Fund, the IDCW will be paid by warrant/cheques/demand drafts and payments will be made in favour of the Unit holder (registered holder of the Units or, if there are more than one registered holder, only to the first registered holder) with bank account number furnished to the Mutual Fund.
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase. For list of exceptional circumstances refer Clause 15.3.3 of SEBI Master Circular for Mutual Funds.
Bank Mandate	It is mandatory for every applicant to provide the name of the bank, branch, address, account type and number as per SEBI requirements and any Application Form without these details will be treated as incomplete. Such incomplete applications will be rejected. The Registrar / AMC may ask the investor to provide a blank cancelled cheque or its photocopy for the purpose of verifying the bank account number.
Delay in payment of redemption / repurchase proceeds/dividend	The redemption or repurchase proceeds shall be dispatched to the unitholders within 3 working days from the date of redemption or repurchase. However, pursuant to Clause 15.1.3 of SEBI Master Circular, AMFI vide its communication no. AMFI/35P/MEM-COR/74/2022-23 dated January 16,2023 has provided certain exceptional circumstances wherein the additional timelines shall be applicable (please refer Statement of Additional Information "SAI" for further details.) The AMC shall be liable to pay interest to the Unit holders @ 15% p.a. or such other rate as may be prescribed by SEBI from time to time, in case the redemption / repurchase proceeds are not dispatched within 3 working days from the date of receipt of the valid redemption/repurchase application, complete in all respects. However, the AMC shall not be liable to pay any interest or compensation in case of any delay in processing the redemption application beyond 3 working days, in case of any deficiency in the redemption application or if the AMC/RTA is required to obtain from the Investor/Unit holders any additional details for verification of identity or bank details or such additional information under applicable regulations or as may be requested by a Regulatory Agency or any government authority, which may result in delay in processing

	the application.
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	As per the Clause 15.5 of SEBI Master Circular, the unclaimed Redemption and dividend amounts shall be deployed by the Fund in call money market or money market instruments and in a separate plan of Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. The AMCs shall not be permitted to charge any exit load in this plan. Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix. The investors who claim these amounts during a period of three years from the due date shall be paid at the prevailing NAV. After a period of three years, this amount can be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. In terms of the circular, the onus is on the AMC to make a continuous effort to remind investors through letters to take their unclaimed amounts. The website of Groww Mutual Fund also provides information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same. The details of such unclaimed amounts are also disclosed in the annual report sent to the Unit Holders. Important Note: All applicants must provide a bank name, bank account number, branch address, and account type in the Application Form.
Disclosure w.r.t investment by minors	As per Para 15.13 of SEBI Master Circular read with SEBI Circular dated May 12, 2023, the following Process for Investments in the name of a Minor through a Guardian will be applicable: a. Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a Change of Pay-out Bank mandate before redemption is processed. b. Redemption proceeds shall be credited only in verified bank account of the minor, i.e the account the minor may hold with the parent/legal guardian after completing KYC formalities. c. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major. d. AMCs shall build a system control at the account set up stage of Systematic Investment Plan (SIP), Systematic Transfer Plan (STP) and Systematic Withdrawal Plan (SWP) on the basis of which, the standing instruction is suspended when the minor attains majority, till the status is changed to major. Please refer SAI for detailed process on investments made in the name of a Minor through a Guardian and Transmission of Units.

C. Transparency/NAV Disclosure (Details with reference to information given in Section I)

The NAV will be calculated and disclosed at the close of every Business Day. As required by SEBI, the NAVs shall be disclosed in the following manner:

i) Displayed on the website of the Mutual Fund https://www.growwmf.in/nav

ii) Displayed on the website of Association of Mutual Funds in India (AMFI) (www.amfiindia.com).

Any other manner as may be specified by SEBI from time to time. The same shall also be communicated to the Stock exchange(s), where the units will be listed. Mutual Fund / AMC will provide facility of sending latest available NAVs to unitholders through SMS, upon receiving a specific request in this regard. The AMC shall update the NAVs on the website of the Mutual Fund https://www.growwmf.in/nav and on the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 11.00 p.m. on every Business Day. In case of any delay, the reasons for such delay would be explained to AMFI in writing. If the NAVs are not available before commencement of business hours on the following day due to any

reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAVs.

D. Transaction charges and stamp duty- Indicate only the amount of stamp duty applicable.

Applicability of Stamp Duty : Pursuant to Notification No. S. O. 1226 (E) and G.S.R 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value shall be levied on applicable mutual fund transactions. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions to the unitholders would be reduced to that extent. The stamp duty will be deducted from the net investment amount i.e. gross investment amount less any other deduction like transaction charge. Units will be created only for the balance amount i.e. Net Investment Amount as reduced by the stamp duty. The stamp duty will be computed at the rate of 0.005% on an inclusive method basis.

For details please refer SAI.

E. Associate Transactions- Please refer to Statement of Additional Information (SAI)

F. Taxation- For details on taxation please refer to the clause on Taxation in the SAI apart from the following:

This information is provided for general information only and is based on the prevailing tax laws, as applicable in case of this Scheme.
